Dear Paul

The Parkview Board had a chance to review your explanation of the uneven splits for your 6th grade boys teams. The board discussed the situation at our 3/25/09 meeting and is satisfied that you made a good faith effort to adjust the teams by moving players. It did not ultimately accomplish even splits, but the decision you made at the time appeared reasonably designed improve the talent on the weakest of the three teams. The board will not take any action as a result of the division on these teams.

Please call or reply if you need some further clarification.
