A job description shall be written to provide the parameters of this delegation. Parents and other adults who serve as coaches, moderators, and chaperones are accountable to the principal in all activities that are school based.

The pastor has the ultimate responsibility for all extra-curricular activities in parish-based programs. The immediate supervision of an activity may be delegated by the pastor to a qualified staff member or other adult; a job description shall be written to provide the parameters of this delegation. Parents and other adults who serve as coaches, moderators and chaperones are accountable to the pastor or his delegate in all activities that are parish-based.

It is suggested that pastors confirm/approve all candidates to the local athletic boards before elections/appointments take place.

ATHLETIC PHILOSOPHY P 6145.2 (a)

A parish/school athletic program must take into account the ever changing society we live in today. Athletics have taken on a glamorized existence of their own. Our elementary student athletes are being trained at earlier ages than ever before. They are often pushed beyond the capabilities of their maturing bodies. Beyond the physical demands, one must also look at the increasing mental strain being placed upon them. A new flood of research documenting the damage being done to our children and youth is being published daily, not to mention a whole new field of law which is dedicated to sports, its injuries and their prevention.

The Catholic parishes/schools recognize the broader focus of athletic programs which have gotten out of control. Catholic parishes/schools strongly believe the primary purpose of a school is to offer instruction in basic knowledge. [Wisconsin statute 118.165](#) states a private school "provides a sequentially progressive curriculum of fundamental instruction in reading, language arts, mathematics, social studies, science and health." In a Catholic parish/school program, religious education has a prime instructional role. Additionally, supplementing the education process is a program of extracurricular activities. Such activities play an important but secondary role in the education of our children substitute for primary skills.

POLICIES

The Catholic parish/school athletic programs offer an opportunity for young people to associate with dedicated adults who not only foster the development of athletic skills but also serve as role models of Christian living. The true goals of athletic competition are sportsmanship, leadership, and team play which develop physical skills. The Church is working diligently to protect our children and youth against exploitation by overzealous adults who wish to transform an activity of "enjoyment" into an area of "professionalism." The "win at all cost" philosophy will not be tolerated. Over-working the participants in practice not only lends itself to physical strain and a higher probability of injury but to mental exhaustion as well.

The Catholic parish/school athletic programs call for responsible control and limitation of the time and energy expended on extracurricular activities. This purpose imposes on the administrators and directors of Catholic parishes/schools the obligation to select and prepare adults who will fit the needs as role models for our youth.

ATHLETICS P 6145.2 (b)

Interscholastic athletics can be of value as a supportive element to the total education process. This process concerns the total person, the person's growth as an individual - spiritually, mentally, emotionally, physically, and socially.

Athletics should provide:

1. A learning experience.
2. A positive base for Christian development.
3. An understanding of competition, emphasizing sportsmanship and teamwork.
4. An opportunity for all participants to develop and share knowledge and skills appropriate to their level.
5. The interscholastic athletic program should be looked upon as the pinnacle and not the foundation of a school's physical education endeavors. A school should provide, first a program of physical education for all children, second an intramural athletic program for all who desire some participation in competitive sports, and finally an athletic program of competition in the skill sports.

GENERAL REGULATIONS: ELEMENTARY SCHOOLS AND PARISH BASED PROGRAMS

1. No elementary school student may participate in any phase of a formal high school (grades 9-12) athletic program.

This includes practice sessions.

2. The following sports are regulated by the Archdiocese in their own season only:

Baseball
Basketball
Cheerleading
Football
Soccer
Softball
Track
Volleyball

The sport seasons are standardized and defined as follows:

- a. Fall season = Football, Soccer, Volleyball, and Cheerleading. Conference games will not begin before Labor Day.
- b. Winter season = Basketball, Volleyball, and Cheerleading. Conference games will not begin before Thanksgiving.
- c. Spring season = Soccer, Baseball, Softball and Track: Follows the winter season and runs until the end of the school year.

All practices and games (independent, league and tournament) must take place during the defined sport season in accordance with the Archdiocesan Sports Standardized Schedule. [Form 6145.2](#)
[\(o\)](#)

This prohibits all parishes and schools from providing coaches, equipment, parish/school names, liability insurance, parish funds, and practice and/or game facilities to their parish/school based teams to continue play outside the defined athletics season. This includes any organized activity such as practices, drills, scrimmages, games, etc.

A game is defined as competitive play between two (2) teams of different schools during which time and score are kept. A scrimmage is defined as play between two (2) teams of different schools during which no time or score is kept and during which coaches may interrupt action to give coaching advice. To compete/play is defined as participation in any practice, tryout, game or scrimmage under the supervision of a coach. Tryouts and Scrimmages are considered a practice.

3. A student-athlete may participate with a non-archdiocesan team in the same sport during the season provided that the student's priority and commitment is with the parish/school team, and the student maintains the eligibility requirements established by the school administration and published locally. Schools playing in Archdiocesan leagues are considered Archdiocesan teams.
4. Merging teams from two (2) or more parishes/schools is allowed only if there is a shortage of players at a specific grade, only after all internal options have been exhausted and only with parishes/schools that currently sponsor and administer active athletic programs in Grades 5-8. All eligible students in affected parishes will be allowed to participate on the merged team. A school may not divide players from the same grade between teams at the two different schools.

Written authorization from each pastor/principal of the respective parishes/schools, which are in reasonably close geographical proximity to one another, is needed to field a merged team. The [Team Merger Request Form 6145.2 \(e\)](#) must be completed and sent to the league director prior to the beginning of the athletics season. The merger is approved once all signatures are obtained on the merger request form and it has been approved by the respective league director.

5. Combined grade level teams are allowed for athletes in two consecutive grades only.
6. Parishes with an existing athletic program may extend an invitation to their cluster parish partners to form a combined parish athletic program. The following requirements must be met and approved by the Archdiocese Office for Schools and the league director:
 - The pastors of each parish in the cluster must give consent for participation in the combined athletic program. The pastor/designee is responsible for athletics at each participating parish.
 - Each parish is encouraged to have representation on the athletic board.
 - All parishes within the cluster must be invited to participate and approve of the combined athletic program. A cluster without a Catholic school may request to form a combined athletic program with a cluster in geographic proximity that has a Catholic school.
 - All interested and eligible students within the designated cluster parishes will be invited and allowed to participate in all sports offered at the parish/school.
 - The religious education director and/or principal of each parish confirms, in writing, the eligibility of the students participating in athletics. Player eligibility shall follow all existing Archdiocesan rules.
 - The parishes will complete the *Request to Form a Combined Parish Athletic Program Form 6145.2 (n)* each year and submit it to the league director of the athletic league(s) with which the parishes/schools are affiliated on a yearly basis prior to the beginning of the athletics season.
7. A parish-based athletic program experiencing difficulty fielding a team at any grade level due to an insufficient number of eligible students, may appeal in writing for permission to play students

down one grade level. This appeal must be submitted at least seven (7) days before the final team commitment date for the member's league. In no instance will more than two (2) players be allowed to play down, or more than one (1) of the two (2) be allowed on the playing floor at the same time. If a member is allowed to play students down, all opposing teams shall be advised of the names and numbers of the players. This request will be granted as a last resort, specifically an inability of the student to play up a grade, or to merge with a nearby program. The request should first be made to the applicable league directors, who will forward the request to the Archdiocese Office for Schools with its recommendations. The Office for Schools will make the final determination.

8. Only teams comprised of players representing a single parish/school or an authorized combined parish/school and in existence as a team during the entire sport season are eligible to participate in parish/school sponsored tournaments. Select all-star, club or AAU type teams should not be allowed to participate in these tournaments.
9. Teams should only participate in tournaments held within the leagues that are sponsored by parishes or league membership.
10. Official player rosters with a place for the verification signatures of the pastor and/or principal, athletic coordinator and coach are to be utilized for all league and tournament play.
11. A parish-based team is a team composed of children enrolled in the Catholic school or the religious education program. Participation on a parish-based team requires:
 - a. The parent(s)/guardian must be registered members of the parish/school;
 - b. The student must:
 - attend the parish school; or
 - attend the parish religious education classes regularly.

A student who attends a Catholic School that offers athletics is eligible to play for his/her school team and is not eligible to participate for another parish-based team.

12. A school-based team is a team composed of only students attending a Catholic school. Participation on a school-based team requires:
 - The parent(s)/guardian must be registered members of the parish/school;
 - The student must attend the parish school.
13. Requirements for participation apply equally to students in the parish/school and in the religious education program. Eligibility to compete will be determined by the students' academic record, effort, attendance and conduct in school (whether Catholic or public), and in religious education

classes. Determination of such eligibility criteria will be made by parish and school administration after consultation with staff members and appropriate committees. Written criteria and process shall be published in the parent/student handbook and other forms of communication.

14. Local administrators and athletic associations shall create policies that provide for participation by all team members in all games.
15. A team's entire competitive season must be completed before any member of that team may begin participation in another sport. This restriction applies to practices as well as games or matches.

EXAMPLE: A player participating with the football or soccer team must complete the entire football or soccer season before participating in any practices, games, matches, scrimmages, etc. for another sport ... such as basketball or volleyball.

16. Competitive athletic programs are to be limited to grades 5, 6, 7, and 8. A student is eligible only to compete for four (4) years, one (1) year at each of his/her grade level of school. Students must play at their own grade level, unless classes are combined to form one (1) team. Team members must meet the following age requirements as of September 1st: 5th grade: Under 12 years; 6th grade: Under 13 years; 7th grade: Under 14 years; 8th grade: Under 15 years.
17. There is to be neither practice nor competition during the hours the involved student's school or religious education classes are in session.
18. Travel to games must be kept to a reasonable distance especially on days preceding a school day. Therefore, games scheduled at later evening hours are discouraged on days preceding school days. The player's health and education must be safeguarded by the school.
19. No student may participate in any phase of a parish/school sponsored interscholastic athletic program without a physical examination by a licensed physician, physician's assistant (PA), or Advanced Practice Nurse Prescriber (APNP) every two (2) years. A physician exam taken April 1st and thereafter is valid for the following two (2) school years; a physical examination taken before April 1st is valid only for the remainder of that school year and the following year.
20. All appropriate forms related to athletics must be complete and returned before a student may participate in any tryouts, practices or games. (Included are the *Medical Information & Emergency Consent* [Form 6145.2 \(a\)](#), the *Parent/Guardian Risk Acknowledgement and Consent* [Form 6145.2 \(b\)](#), and the *Student Physical Examination* [Form 6145.2 \(c\)](#), the *Student Athlete and Parent/Guardian Sportsmanship Pledges Forms* [6145.2 \(k\)](#), [6145.2 \(l\)](#), [6145.2 \(m\)](#), and the *Concussion Acknowledgement Forms* [6145.2 \(i\)](#) and [6145.2 \(j\)](#).
21. Annually, student athletes and their parents shall be presented with a discussion about concussion and given an educational fact sheet regarding the signs and symptoms of concussion. All student athletes shall be required to participate in the above education prior to their participation in any sport.

- a. All athletes and their parents will sign a statement in which the student-athlete accepts the responsibility for reporting their injuries and illnesses to the coaching/athletic training staff, parents, or other health care personnel including signs and symptoms of concussion. This statement will also acknowledge having received the above-mentioned educational handout.
 - b. When an athlete shows any signs, symptoms or behaviors consistent with a concussion, the athlete shall be removed immediately from practice or competition. The athlete's parent shall be immediately notified of the situation. The athlete may not participate again until he/she is evaluated by a health care professional, is symptom free, and receives written clearance from a health care provider to return to activity. The incident, evaluation, continued management, and clearance of the athlete with a concussion shall be documented.
22. The Sportsmanship Pledge sign provided to parishes, schools, and leagues must be displayed at all athletic venues connected to the Archdiocese.
23. Players must have health insurance; parishes, schools and the archdiocese do not provide such insurance.
24. Parishes, schools, and leagues are responsible to insure that appropriate first aid supplies, other medical equipment and an accessible telephone are available at all practices and games.
25. Title IX of the Civil Rights Act requires that equal opportunity be provided to both sexes to participate in athletics. It requires that all physical education classes be coeducational, however, it allows separation during the participation in contact sports and explicitly permits grouping of students by ability.
26. Leagues or conferences provide a structure that helps to make athletic programs more effective. It is recommended that all teams belong to a league or conference. If possible, the league or conference should be organized on an area-wide or geographical basis.
27. Each league or conference should have a Board of Control to establish game rules, procedures, and discipline within the league or conference which are in compliance with Archdiocesan policy and regulations.
- a. Board membership can and should consist of principals, athletic directors, coaches and/or other qualified persons.

Coaches must conduct themselves as Christians at all times. They must not interfere with or impede, and must cooperate with the school's educational program. Imprudent actions on the part of the coaches are subject to disciplinary action by the pastor/principal and the league Board of Control.
29. There is to be no practice nor competition without competent adult supervision present at all times; an adult is a person who is at least 21 years of age. 31. Whenever possible, athletic teams should be transported to games and tournaments by a parent or guardian, or in a yellow school bus. Coaches are strongly discouraged from transporting minors other than their own children to and from games and practices, and making transportation arrangements to games for students when group transport is not provided. In the event that a coach chooses to transport minors, the following conditions must be met for parish employees and/or volunteers using their own vehicle.
- a. A leased or privately owned 10-15 passenger van may not be used to transport school aged children (grades K-12) for athletic events.
